Jeep's / Central Kansas Motocross 2010 Rule Book

*A rider's age on January 1st will determine his/her age for the year. However, a rider may move to the next higher age class if he/she will be eligible to do so at any time during the year. Riders are encouraged to determine at the beginning of the points season which age class they will participate in for the points season/year. If a rider does moves up from Pee Wee Jr, 60cc Jr or 80cc Jr class to the Sr class he/she can not continue to run in the Jr class. Points earned in a lower age class will not transfer to the higher age class. A rider's age for Vet classes is determined on what age you are, on race day.

Championship tie breaker criterion

1. Number of wins. This is race wins not moto wins.
2. Number of events entered in that class.
3. Last moto finish where both participated.

POINT SCHEDULE

1. All races will be for AMATEUR, PRO-AM, & PRO for Series Awards.
2. Points are awarded on Overall Finish of the day. Overall finish will be determined by adding 1st & 2nd motos together for each class. Lowest total wins. If there is a tie in the overall finish we will use the 2nd moto as the tie breaker.
3. In order to receive points, the rider must register and pay entry fee in each class.
4. Must take at least one green flag to be scored for that moto.
5. DNS (Did Not Start that moto) You will receive 89 points for that moto added to other moto for final placement.
6. A rider must sign in and take the green flag in at least one moto to receive at least last place points for the race in that class.
7. If a rider signs in and pays their entry fee, but does not compete by taking the green flag, no points are awarded. In order for this to count as a race attended the rider must have a bike/ATV at the race track, be fully suited up in race gear and be physically able to race. In the event a bike/ATV breaks during practice and is not fixable at the track, it will be counted as a race attended since you were in the process of trying to race. Also, if you are on the starting line and something happens, bike/ATV failure, crash before the green flag, that also shows the intent of trying to race and would count as a race attended. This is a judgment call of the track official that you tried to race. If he thinks you made every effort to race then it will be counted as a race attended.

Motocross/Supercross Advancement Points

1. The classes listed below will use Trakside Advancement Points system

MX & SX 65cc-85cc Beginner (No year end points)

MX & SX Open Beginner (125cc & up. No year end points)

MX ATV Open Beginner (No year end points)

MX & SX 250 C Novice

MX & SX 450 C Novice

Vet C Novice (30yrs & up)

2. If any rider in the 5 beginner classes accumulates 8 or more advancement points they must move up immediately, even if it is mid-year.

3. The class champion and any rider that has accumulated 80% or more of the advancement points that the champion has in these classes, MX & SX 250 C Novice; MX & SX 450 C Novice; Vet C Novice (30yrs & up), can not ride their respected class the following year or another C Novice class.

Example:

1st place. Rider A 42 Advancement points. Class champion

2nd place. Rider B 35 Advancement points

3rd place. Rider C 34 Advancement points

4th place. Rider D 21 Advancement points

5th place. Rider E 25 Advancement points

Rider A because he is the champion has to move up or out of the class no matter how many advancement points he has.

Rider B 80% of $42 = 33.6$ so rider B also has to move because 35 advancement points is more then 80% of what Rider A has.

Rider C also has to move because 34 advancement points is more then 80% of what Rider A has.

Rider D can ride this class again next year because he did not accumulate more then 33.6 advancement points. He had 21.

Rider E can ride this class again next year because he did not accumulate more then 33.6 advancement points. He had 25.

4. If 250cc/450cc C Novice riders point out of the 250cc/450cc C Novice class they are not forced to ride 250cc/450cc B Intermediate the next year, they just can no longer ride the 250cc/450cc C Novice class.

5. A rider that is 15yrs old or younger on Jan. 1st does not have to move out of the 250 C novice or the 450 C novice classes if he points out or is the class champion.

6. Points will be tabulated for each racing series motocross/supercross and will start over each year.

7. 65cc-85cc riders can ride the beginner class and the 65cc or 85cc Jr or Sr classes at the same time as long as the age fits.

8. If a rider is racing in both classes he/she has to move out of the beginner class if they have finished in the top 1/3rd of the Jr or Sr class for three races that race year.

9. Riders that are riding the Vet C Novice (30yrs & up) class can also ride the Vet 30, Vet 40 or the Vet 50 class if there age fits.

EQUIPMENT REGULATIONS

1. Number Plates: **3 required** on motorcycles, **2 required** (front & rear) on ATVs. Number plates must be securely attached to the machine and must have solid background with contrasting numbers. Big bikes and big ATV's numbers are to be a minimum of 7", mini bike and mini ATV's numbers are to be a minimum of 5", ATV number plates should be vertical and not swinging.
2. ATVs: tethered kill switches mandatory.
3. All levers must have ball endings.
4. Both front and rear brakes must be operable.
5. Fenders are mandatory and must be securely mounted. Rear fender must extend rearward past the rear axle.
6. Gas tanks must be securely mounted. No leaks in the tank or fittings and no make-shift or temporary repairs will be permitted. Gas caps must seal and fasten securely.
7. Exhaust system silencer must be securely mounted and have no broken mounts. Silencers required.
8. No studs, screws, or chains are allowed on tires. Tires may not have breaks or cuts in sidewalls.
9. Foot pegs must fold freely for safety.
10. Handlebar grips must fully cover the ends of the bar.
11. Kickstands must be removed unless welded on at factory. If welded on they should be tide up with wire or zip ties
12. If the exhaust system or silencer is dangling and is a hazard, the rider will be black-flagged. If it falls off and is free of the bike and not a hazard then the rider may finish the moto.
13. Any motorcycle not meeting safety regulations or defined unsafe by officials shall not be allowed to race until repaired and re-inspected.

RIDER REGULATIONS

1. Helmets must be full coverage or full-face coverage. It must cover the base of the skull. Helmets must be worn at all times while competing in a sanctioned event.
2. Boots must be worn. They must be sturdy, protective, and must cover the ankle. No rubber boots. No tennis shoes.
3. Shatterproof eye protection must be worn.
4. Protective pants, gloves, and shirt with full-length sleeves and able to be tucked in are strongly requested.
5. Protective equipment must be worn during the race and practice.
6. Each member is responsible for the conduct of his parents, relatives, friends, or anyone else whose actions may cause his disqualification.
7. Any rider wearing a cast, brace or support that will hinder their ability to safely control, shift, brake or otherwise ride a motorcycle or ATV will not be allowed to compete in any practice or race. This is at the discretion of the track officials.
8. **INSURANCE:** Rider medical insurance **IS NOT PROVIDED** by the Jeeps Club/CKMS or participating tracks for any event (practice, race, etc.).

COMPETITION RULES

1. All riders must comply with the rules regulating the required equipment and must be able to pass technical inspection.
2. Rider divisions shall be Expert and AMATEUR.
3. A rider must sign up and ride only in his/her rider division. Except for OPEN, VET & PRO-AM classes.
4. A rider must ride the same size bike (same cc) for the designated class. 100cc bikes will be placed in Super mini or 125cc class according to the age and skill level of the rider. If there are not enough riders to constitute a class, those riders will be combined with another class and may be scored separately for payback or awards and points.
5. A rider may ride different machines in separate motos, but cannot ride different machines in the same moto, provided each machine can pass technical inspection and have the prescribed number plates attached to each machine. During an iron man hare scramble competition, a rider must ride the entire race on the same machine he starts the race with. During a team hare scramble, a rider may continue to race on his partner's machine if his machine is unable to continue the race.
6. No rider may pass or gain another rider in the area that a yellow or white/red cross flag is being shown. Penalty for doing so may be one lap. After clearing the flag and point of hazard, racing may resume.
7. If a rider leaves the track for any reason, he/she must enter as soon as possible without gaining any advantage.
8. If a moto must be stopped because one or more riders is obstructing the progress of that moto, that rider(s) will not be allowed to continue in the re-start of that moto unless allowed by the track official.
9. Only track officials or flagmen are allowed on track during event. A rider may not accept any assistance on the race track course during a race unless given ok by an official or flagman for the purpose of safety except for Pee Wee classes. Only the parents of Pee Wee riders are allowed on the track during a Pee Wee race (2 max per rider). Pee Wee parents are not to obstruct other racers while on the track. Doing so could be grounds for a 1 lap penalty or disqualification of your rider.
10. A lapped rider will get a checkered flag if following the race leader but will be placed in proper finishing order.
11. Electronic communication from the rider to the pits is not allowed.
12. Pit boards are allowed in designated areas only. This may not apply to all tracks.
13. All riders must sign themselves in. Minors must have parent sign waiver.
14. Electronic sound devices, (iPods, walkmans, mp3, CD players) will not be allowed in practice or races.
15. **No one other than track officials are allowed in front of the starting gate** There is no altering of the track dirt in front of the starting gate by the racer or his pit crew. RACE REGULATIONS

1. At least ½ of a race program must be run before a race will be counted for points.
2. A "Rider's Meeting" must be held before an event and **all riders must attend**. The "Rider's Meeting" should be conducted by the REFEREE.
3. If for any reason the race must be stopped, it will be considered completed if 50% of the laps have been run. If less than 50% of the laps are completed, the race will be restarted.
4. A lapped rider must move over at all times or he will be black-flagged.
5. Any foul riding, unnecessary bumping, crowding, chopping, blocking, or other un-sportsman like conduct at the race event is grounds for disqualification or penalty as determined by the Referee.
6. Officials will not be responsible for any occurrence that results in "back-to-back" motos for any two different riders competing in different classes on the same machine. A short time, 2 minutes maximum, will be allowed for the riders to switch as long as there is no prolonged delay of the start of the next moto. It is up to the individual to notify the Starter of the situations before the 2-minute board is put up.
7. Officials reserve the right to prevent anyone from competing in any event if the rider or bike does not comply with the rules.
